

DECLARATION

made for the purpose of obtaining access to the malware sample binaries
of the CUBE-MALIOT-2021 data set

I, the undersigned, representing

(name of the research or educational institute)

hereby make the following declarations:

- I and/or my co-workers I am responsible for (e.g., whose work I supervise) intend to use the obtained samples for the following research and/or educational purposes:

- I understand the risks of working with executable malware, and I and/or my co-workers I am responsible for take the following precautions to avoid causing any (intentional and unintentional) harm to any operating computer systems ever due to handling the obtained samples carelessly, including, but not limited to, during their usage in experiments and demonstrations, as well as during their analysis, storage, and transfer:

- I will never use the samples or any parts of the samples with malicious intent, and I make reasonable effort to ensure that the same applies to my co-workers I am responsible for.

- I will never distribute the samples, any parts of the samples, or any credentials (e.g., password) allowing access to the samples to third parties (i.e., any party that is not part of the institute I am representing), and I make reasonable effort to ensure that the same applies to my co-workers I am responsible for.
- I and/or my co-workers I am responsible for make the following precautions to avoid unauthorized access to the samples in or leakage of the samples from the computing infrastructures where they will be stored and/or used:

- I and/or my co-workers I am responsible for will refer to the data set as **the CUBE-MALIOT-2021 data set** in any published work that relies on it or on any part of it, providing also, if possible, the URL <https://github.com/CrySyS/cube-maliot-2021> of the data set.
- By signing this declaration, I accept the data handling policy available at https://github.com/CrySyS/cube-maliot-2021/blob/main/privacy_policy
